* Jack Mays reported that according to stats kept by coach Joe Stewart, Law had "more than" 1,600 yards total offense in 1966.					
** According to Stewart's stats, Lawrence had 3,164 yards total offense in 1967-68, 1,750					

of those seasons.

\*\*\* The News-Herald reported Schosser averaged 120 yards in the Knights' eight games, so I gave him credit for 960.

\*\*\*\* Record incomplete; in addition Holland slowed four games due to various leg ailments.

### Career Rushing

Ron Richburg	1976	1,127						
Jon Turner	1999	1,077						
Sean Cogswell	2008	1,057						

\*Record incomplete; was able to glean some rushing yards from stories during Conrad's sophomore season

Records incomplete for most players before 1990

\*\*\*\* Red Law's rushing stats way off; but I was able to glean this total from game stories and the length of most rushing TDs

I have rushing totals for 7 of his games from 1963-65.

More than 2,000 rushing yards are unaccounted for from his freshman through junior years. We do know his senior year yardage.

It should be noted that Law didn't carry the ball all that much and many of his TDs came on pass receptions and returns.

\*\*\*\*\*Record incomplete; junior year estimated
